Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Thursday 18 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Very mild until Saturday, then turning colder.

This Evening and Tonight:
Generally cloudy in the west with some light rain and drizzle, whilst more persistent rain affects northwest Scotland. Some clear spells too, mainly in the east. Windy and very mild for most, with severe gales across Shetland later.

Friday:
Further rain across northern and western Scotland, heavy on hills. Elsewhere, cloudy in the west with a little drizzle whilst sunny spells develop in the east. Remaining very mild.

Outlook for Saturday to Monday:
Rain will clear south by Saturday night, with wintry showers following in the north and east. Wintry showers on Sunday, then mostly fine on Monday, turning milder in the north.
